**Subject:** Another spill in Tega Cay.

Dear Sir:

You might be aware by now that another spilled has happened in Tega Cay and that it was a lot of water spilled about 100,000 gallons. I cannot believe how many "O"'s did I have to punch in to write this letter. Tega Cay Water Service continues messing up and when they do so, they past the cost to the consumers and in this case to the Residents of Tega Cay. Third spill from this site this year and we are only in the month of April.

It seems that they can't provide the customer with good quality Service and every time I think things are calming down, something else happens!!!

Tega Cay Customers are fed up with continue incidents which damage properties and waste precious water into the environment.

Please be aware of how many residents feel disappointed and frustrated by this company. We are paying for improvements but we are not seeing results.

We need action. We need to hear a positive voice in our favor as rate increase is not helping!!!!

Sincerely,

Gigi Peemoeller  
Resident of Tega Cay
